Licensed In All 50 States

Mortgage Planners Advantage Can & Will Perform a Detailed Forensic Mortgage Audit Calculated To Expose Serious Lender, Legal and Noncompliance Errors.

Common traps include

👉 **Negative Amortization:** Repayment structure may be set up in such a way that the monthly payment fails to pay off accrued interest and increases the principal balance.

👉 **Balloon Payments:** Balloon payments at the end of the loan often equal about 85 percent of the principal amount.

👉 **Prepayment Penalties:** Lenders may attach high prepayment penalties to prevent the borrower from refinancing or selling the home.

👉 **High LTV Loans:** Loans in excess of 100 percent of loan-to-value (LTV) may also lock the borrower into additional debt. Because a borrower in delinquency may not be able to pay off the debt through a foreclosure sale, once a borrower falls behind in payments, the borrower faces continued debt past the foreclosure or an option to refinance. High LTV loans may at times be a useful product for borrowers, and in fact, some affordable-housing programs use high LTV loans to assist clients. The intent of the lender in offering the product and the borrower's understanding of the consequences of the loan help to clarify whether a particular transaction is predatory.

👉 **Mandatory arbitration:** Loan contracts often contain mandatory, binding-arbitration clauses because lenders perceive this forum to be more favorable to them than the court system. Borrowers also are usually required to help pay for the arbitration.

• **We send a documented audit of your mortgage and a complaint letter to your lender(s) pointing out the potential legal and non-compliance errors that includes resolutions of: return of illegal fees and interest, principal rate reduction, interest rate reduction and/or loan term extension as needed and other remedies.**

• **We send our complaint to the legal department, NOT to the loss mitigation department where the documents cannot be reviewed for a resolution. We take the case right to the legal department and point out violations and/or fraud we find in the loan documents.**

• **Since we receive a contingency fee based upon recovered monies you're assured we're going to do all we can on your behalf. We leave no stone unturned**

to find leverage that we can use to get your (bad) loan resolved. Our incentive is to get you a significant, affordable and permanent resolution.

Proof You Have A Predatory Loan?

- *Loan charges were not disclosed to you in a clear, conspicuous, and accurate way.*
- *Terms of the mortgage changed to your disadvantage at the last minute before closing.*
- *You were charged high closing costs (points and fees) including Yield Spread Premiums.*
- *Your loan contains a prepayment penalty.*
- *You were asked to sign blank forms.*
- *You did not get copies of "all" loan documents.*
- *If you have an adjustable rate mortgage are adjustments accurately worked out?*
- *Were you told "Don't worry you can refinance in six months."*
- *Were you talked into a "Negative Amortization Loan or an Interest Only*

RECEIVED

MAY 26 REC'D

Ms. Slack,

Mortgage Lending Division

I'm sorry for not responding but I have been very ill. I have diabetes and as of this time I'm not working and the company for all intent is out of business. I also do not have any of Mr Merlino documents at present but Mr. Mer has all of them.

What Anthony Merlino didn't show you or tell you with his complaint was the contract that he signed states that **do not do loan modifications, we never have and we never tried to do a modification for him, we audit mortgages, that is what we do.** We attempted to do a restructure of his mortgage meaning we contact the lenders legal dept on his behalf and with his permission with a QWR letter and the audit of his mortgage showing the errors and mistakes with regards to predatory lending. We try to get overpaid closing costs and overpaid interest refunded. Overpaid interest would be what he legally qualified for as opposed to the loan that he received. In some cases we have been able to get interested rates lowered and balances lowered but nothing was or has ever been guaranteed. No one can guarantee anything like that. Attorneys can't even guarantee they can get loans permanently modified.

We had been very successful in the past helping our clients but it seems with the merger of the banks and a select few holding all of the paper or servicing all the loans things stopped happening, we stopped getting any results. His contract clearly states that his fees are non refundable and we will attempt to restructure his mortgage. We attempted to but like several others we have been unsuccessful. The only thing that we could do was appeal to the Controller of the Currency with is in charge of the lending and mortgages. Once that happens it up to them to do something or let it stand.

If you read the emails below that I am forwarding with this email you will see the amount of pressure I put on him to sign. It was always stated what we would attempt but nothing was guaranteed. He understood that. He signed it and he has a copy of it, ask for it, along with his summary.

I'm sorry we couldn't do anything or get him any relief but sometimes things just don't work out. I know it didn't on my end or I would still be in business and prospering and in good health.

If you have any question please let me know.

Regards,
Ray Donald
